**Workshop about engineering career settlement in Ontario**

The workshop covers resume writing, interview techniques and more!

[www.civiltecheduhub.com/professional-settlement-workshop](http://www.civiltecheduhub.com/professional-settlement-workshop)

## DESCRIPTION

An interactive session designed based on real life experiences of the session coach with a Canadian Masters degree, P.Eng Licensed and PMP certified.

### We will review:

- A story of hope and the impact of maintaining a positive attitude
- Strategies on how to cope with the job-hunting process
- Canadian Engineering Career Path
- Understanding the engineering job market

### You will also learn about

- Networking techniques
- How to use social media during the job search
- Resume and cover letter writing
- Interview and post-interview tips
- Do's and Don'ts after you receive the job offer
- How to avoid common mistakes by examining real-life scenarios

## TAKEAWAY:

- Participants who stay the full day will receive a 'Certificate of Attendance'. The certificate will attest to 8 hours of training in soft and hard skills of professional settlement tactics in all disciplines of engineering and architecture
- An opportunity to build networking relationships with engineers and professionals in your field
- Mentor ship packages and a chance to spend time with our session instructor about your specific needs

### Do you need one-to-one help with your resume and interview skills?

### Do You need a character reference for your next job offer?

**Ask your instructor about our mentorship packages, and a chance to spend time with our session instructor about your needs**

We will provide you with a character reference letter for your next job offer based on this professional relationship and the assessments of your mentor

## WHAT TO BRING

- Bring your most updated resume in hard copy (printers and copiers are not available on location)
- Bring your business cards. If you have none that are printed, collect the email address of your peers and send them your digital business card

- Dress code: partially formal (tie or suit not necessary). This is a full day workshop that resembles the experience of a full working day.
- Coffee and snacks will be provided. Microwaves are available for your use.

## ABOUT THE INSTRUCTOR

B. Mehraie has a Canadian Masters degree in Civil Engineering, P.Eng Licensed, and PMP certified.

Mr. Mehraie has over 20 years of experience in engineering design, construction and project management fields at both private and public sectors. Since immigrating to Canada over 14 years ago, he has developed many coping techniques helping him and many other newcomers to overcome job settlements challenges. His up-to-date knowledge about the unique characteristics of the job market has coached and mentored many to

- comprehend and choose the right career path in
